ALIO-MAR CHARTING A NEW COURSE FOR CONSTRUCTION SOLUTIONS

About Us

is an authorized distributor of Many reputable companies in Construction materials and applicator providing a reliable construction applications like flooring, waterproofing, structural strengthening and repair beside many other solutions along side with effective technical support and continuous follow up.

Alio-Mar has founded in 2019 to serve major, national and independent development, Construction and industrial companies.

Our workforce collaborate to maximize value for our customers.

<u>Our culture</u> focuses on continuous improvement while our values guide us to achieve more collaboration with each other and with whom we interact.

e provide our customers with special tailored solutions in the following

- A. Cementitious and polymeric flooring systems.
- B. water and Thermal proofing systems.
- C. Tiles installation and fixation with semi mechanical hook.
- D. Construction and control joints.
- E. Repair and structure strengthening.
- F. Plastering
- G. Sport flooring systems.
- H. Interior and exterior designs and finishing.

Our services:

1-Distribution of Construction materials

lio-Mar has a privilege to distributing for the famous Italian chemicals manufacturer MAPEI and the Nile company for waterproofing (BITUNIL) and many other reputable construction manufacturers to achieve a high optimization level regarding quality, cost and availability.

Product lines

- Tile adhesives and grouting materials
- Mortar and cement additives
- Chemical and bituminous waterproofing materials
- Concrete admixtures
- Resin and cementitious flooring products
- Sealants and Anchoring materials

2-Installation of S.O.G

lio-Mar installing slab on grade tiles using dynamic and fixed pumps with highly talented teams and European standards of application, we've the lead in using the laser automatic concrete leveler to reduce the concrete level tolerance to zero and reduce the time of application by installing the slab in one shot not staggered.

2-Floor finishing

lio-Mar has abroad range of solutions for flooring finishing (Epoxy and Polyurethane) tolerates abrasion and wearing in addition to tolerate the organic and inorganic acids in some cases. Thanks to the high technology of surface preparation methods using 3 heads grinders, scarifiers and shoot blasting machines.

3-Construction and control joints

lio-Mar installing the Construction and control joints, conventional and aluminum sections with various types of polyurethane sealants regarding to the settings time, range of elasticity and workability.

4-Applying of Bituminous, Cementitious and polymeric waterproofing

lio-Mar has a long track in applying of Bituminous waterproofing for roofs, basements and wet areas besides the application of Cementitious and acrylic waterproofing for swimming pools and water tanks.

We've the privilege to distribute and apply one of the most famous products of Polyuria (PURTOP) of Mapei which ensuring a tremendous level of elasticity, elongation and durability.

PVC and TPO sheets are one of the most efficient applications in waterproofing

5- Sports flooring systems

lio-Mar installing the sport flooring systems of different playing yards including lining as per International standards

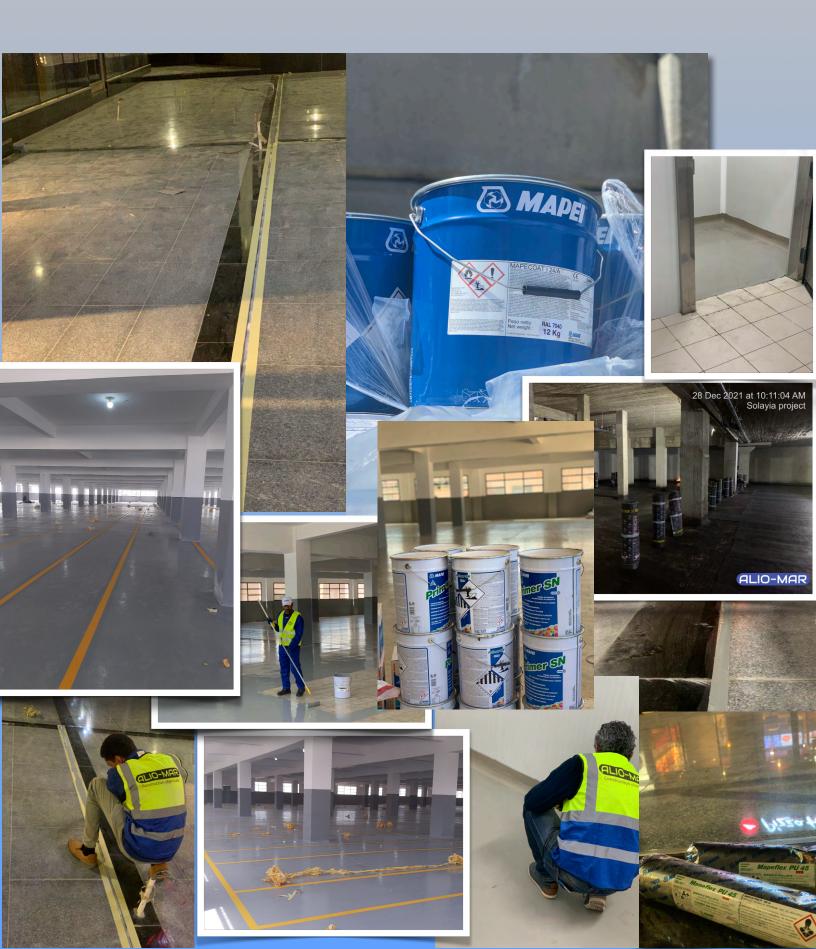

- Turf (Tartan)
- Artificial grass
- Acrylic (Soft and Hard)
- Paddle tennis courts

Our projects and Reference List

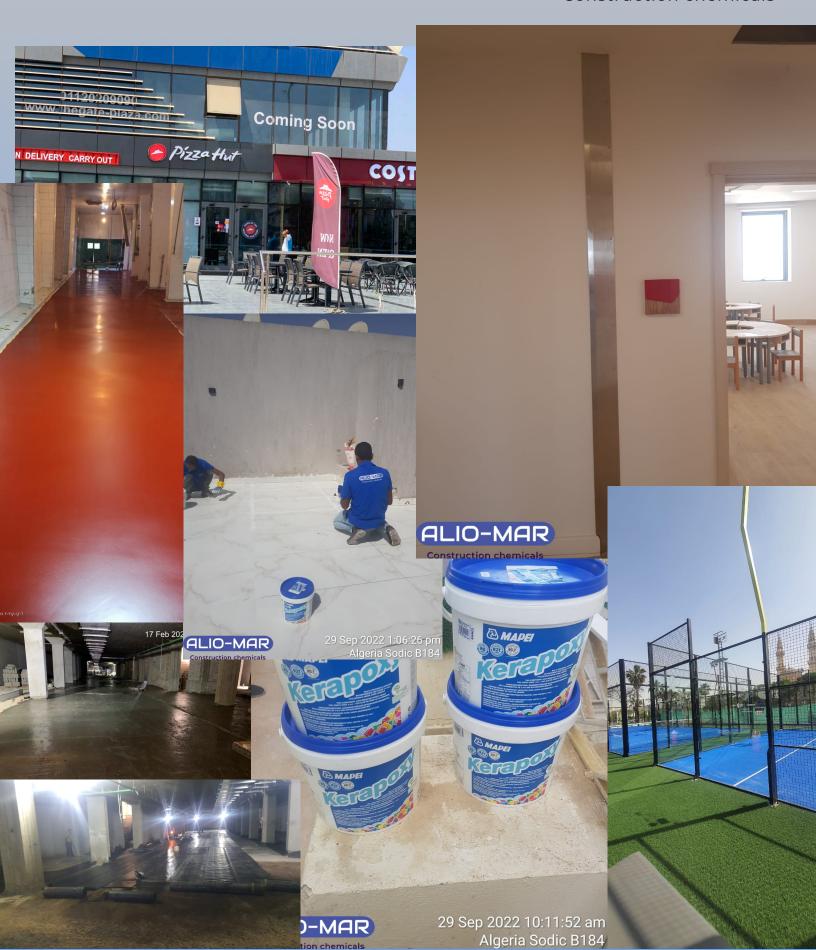

Project	Area	Application type	Product	Sq.M/ L.M
Egypt Foods	Quesna	Polyurethane flooring	Mapefloor CPU/HD	225
Pan Arab for plastics factory	6th of October	Epoxy flooring	Mapefloor FC 200 ME	4000
IBM/ administrative building	Administrative new capital	Waterproofing	Mapelastic Smart	2500
HyperOne cooling and freezing areas	Al Sheikh Zayed	Polyurethane flooring	Mapefloor CPU/HD	250
Coca-Cola	6th of October	Polyurethane flooring	Mapefloor CPU/MF	350
Egypt intl. airport	Cairo	Waterproofing	Purtop 1000	500
The Gate plaza mall	Al Sheikh Zayed	Construction joints	Mapeflex PU 40	3000
Sewage plant	Al Aresh	Waterproofing	Mapelastic Smart	5000
Wahdan car service center	6th of October	Epoxy flooring	Mapefloor FC 200 ME	1500
Arma factory	10th of Ramadan	Waterproofing	Purtop 1000	1500
Ministries bids/ Samcrete	Administrative new capital	Epoxy flooring	Mapefloor FC 200 ME	2000
Bon Factory	10th of Ramadan	Epoxy flooring	Mapefloor SI 300 ME 2mm	1200
IBM parking system	Smart village	Epoxy flooring	Mapefloor FC 200 ME	3100
Sports city	Administrative new capital	Construction joints	Mapeflex PU 45 FT	5000
Solaya compound/Inertia	6th of October	Semi mechanical fixation	ODI-FIX steel hook	3200
Solaya compound/Inertia	6th of October	Tile adhesive	Adeselix P7	2770
G-cribs/Inertia	El Gouna	Tile adhesive	Kerabond-T	5000
G-cribs/Inertia	El Gouna	Tile adhesive	Keraflex Maxi-S1	7200
Ein Shams Hospital	Cairo	Tile adhesive	Adeselix P7	1200
Solayia compound (INERTIA)	6th of October	S.O.G fibre reinforcements	Mapefibre ST-42	10764
Solayia compound (INERTIA)	6th of October	Bituminous waterproofing	Insosul	800
Solayia compound (INERTIA)	6th of October	Bituminous waterproofing	NiloBit	10000
Kent collage (O-West)	6th of October	Bituminous waterproofing	NiloBit	2000
Kent collage (O-West)	6th of October	Construction and control joints	Mapeflex PU 50 SL	800
Villa 184 B (Allegria)	Sheikh Zayed	Repair	-	-
6th of October Club	6th of October	Tartan track renovations	Kenncoat	2000
6th of October Club	6th of October	Multipurpose court	Kenncoat	1880
Military entity	New capital	Paddle tennis court	Artificial grass	800
